BloomBoard

BloomBoard for Illinois

Sustainable Educator Evaluation in the Prairie State

Why BloomBoard?

BloomBoard, an online growth development platform, is honored to work with school districts across the state of Illinois to help implement a sustainable platform for teacher performance evaluation.

- **All the tools you'll need to meet state requirements - FREE**
  We provide schools and districts with the tools, resources, and data that's needed to help Illinois-based educators to fulfill all the requirements of the evaluation process — whatever that process may be

- **Compatible with your organization's unique needs**
  Our platform is fully compatible to work and align with the unique needs of your organization. Integrating with your existing frameworks is one of the reasons why many state and local education agencies partner with BloomBoard

- **For educators, by educators, and focused on support**
  Many in the BloomBoard team were former educators as well as professionals in the world of education. We know the pain and stress that a new evaluation process can bring. That's why we work everyday to help districts turn their evaluation processes into a means of individualizing and empowering educator success

- **We're here to help**
  We understand that educators are pressed for time, funding, and limited resources. That's why we are committed to providing the support and thoughtful care that educators need. Whether by help desk, email, or phone — let us help. We're in it for the long haul

Streamline your observation process with BloomBoard's online platform - customized to your frameworks, processes, and rubrics — all for free.

Whatever your needs are, we'll work closely with you and your organization to find the right the right fit.

Frequently Asked Questions

Can I use the Danielson Framework for Teaching Evaluation Instrument in BloomBoard?
It depends. Teachscape owns the exclusive digital rights to the 2011 and 2013 versions of the Danielson Framework. If your district has a contract with Danielson, your administration should review the contract and consult with its legal counsel to ensure that your district does not violate that contract by using the Danielson Framework for Teaching Evaluation in Bloomboard. Please feel free to contact BloomBoard with additional questions.

BloomBoard

If we're not part of the Spring 2014 pilot, can we still use BloomBoard?
Absolutely! We'll be happy to learn more about your organization's needs and bring you on board for a successful year. Please contact us for more details.

What makes BloomBoard different?
We are uniquely focused on individualizing and empowering support for educators. We don't think teacher evaluation should be a punitive and expensive process. Teachers want feedback. An effective evaluation platform should be able to turn that feedback into meaningful, job-embedded opportunities for personal and professional growth. We make our observation tools available for free because we believe everyone will be better off if those dollars are spent supporting your teachers - preferably in our open Professional Development Marketplace!
